THE CAFE

Our cafe provides an intimate space for guests to connect and enjoy each others company.

The cafe is available to rent on the following days/times:

Monday - all day

Tuesday to Friday - from 3:30pm

Saturday + Sunday - from 4pm

The cafe can be rented out in two ways:

Private Party Area which holds around 20, or the entire cafe, which holds around 60.

Hire charge is as follows:

Private Party Area - £100

Entire Cafe - £250

Any times out with the above would incur extra charges as this would involve closing the cafe for the event, resulting in a loss of business for the cafe. For rates out with these times, please contact us directly.

Decorations stuck up with blue tack, not pins are welcome in the space.

BREATHING SPACE STUDIO

We're very lucky to have wonderful neighbours who are also able to rent out their space! Breathing Space Studio is just above Second Home and is a gorgeous, light-filled, calming space which holds between 12 - 40 people.

Studio rental is £80 for 4 hours.

We can check availability with Laura for the studio when you send your enquiry. If you require just flat studio space rental with nothing further needed from Second Home, please contact Laura directly via email:
